REPORT OF THE AUDITOR GENERAL  
TO THE MEMBERS OF THE BOARD OF DIRECTORS OF  
AROAIMA MINING COMPANY INC.  
ON THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2007

Chartered Accountants Nizam Ali & Co. have audited on my behalf the financial statements of Aroaima Mining Company Inc. for the year ended 31 December 2007, as set out on pages 2 to 12. The audit was conducted in accordance with the Audit Act 2004.

### *Management's responsibility for the financial statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### *Auditor's responsibility*

My responsibility is to express an opinion on these financial statements based on my audit. I conducted the audit in accordance with International Standards on Auditing issued by the International Federation of Accountants (IFAC) and those of the International Organization of Supreme Audit Institutions (INTOSAI). Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud and error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
